

Harrison Russell-Lucas

Bio

- **Bright, young, energetic and hungry for work,**
- **Good insight of today's pop culture and current trends.**

Always willing to go the extra mile to perfect my work. Most of my life has been working trades and using my hands. In doing so it taught myself hard-work and teamwork goes a long way. I find myself intrigued by the marketing side more of design.

Education

"Graphic Design Technology" Diploma

"Vancouver Career College" Apr 2020 - Jan 2021

"Carpentry" Level 1

"KPU" Jul 2015 - Jan 2016
